BANGLADESH – The Fast Emerging Vertical Transportation Market

Dhaka is witnessing remarkable changes in the city skyline over the past few years. Lately, Dhaka and other major cities in Bangladesh have grown exponentially. The thrust given by the private developers in Bangladesh has driven the phenomenal growth in the real estate sector. Given the quality conscious and progressive real estate market in Bangladesh, each component of the real estate industry finds the need to adhere to high quality specifications for building material and equipment. Elevators are no exception!!

Global elevator and escalator brands are hence, finding Bangladesh to be a lucrative and exciting market for innovative technologies, designs and products.

This was reflected clearly in the success of IEE 2015 at Dhaka, and has spurred us to create an exclusive brand for the event in the international market - Global Lift and Escalator Expo - Dhaka, and this will continue to attract the best global brands and players.

Global Lift & Escalator Expo – SCALE NEW HEIGHTS

The GLE Expo Dhaka 2016 promises to deliver a much bigger and grander experience. It will assuredly be an ideal opportunity for the Elevator, Escalator, components and accessories manufactures to showcase their latest products and technologies, meet potential buyers and enhance brand presence in this flourishing market.

If your company is exploring new markets, and business expansion is on the cards, then “Global Lift & Escalator Expo” in Dhaka 2016, will be the best platform to test the market potential in the country, explore partnerships and joint ventures under one roof.

Here is an opportunity to be with the best brands in the Elevator & Escalator industry and expand your horizons.

TESTIMONIALS

"The response was quite good-more than what we expected. People have been showing interest in our stalls, and our brand is getting a lot of footfalls. I think this is a very strong platform in Dhaka. I have been pleasantly surprised with the mix of visitors, a lot of vendors, a lot of architects who are coming in, and a lot of interest from the public works department, so we have been very happy"

Mr. Tarunesh Mathur | Manager Exports | Schindler

"This has been a good decision, to be part of this exhibition in Dhaka. There has been a good return on investment for us. I think the quality of visitors is greater than our expectations we were not expecting so many visitors due to the political scenario

Mr. Uday Roy | General Manager | ThyssenKrupp Elevator Bangladesh

"This is the first international expo in Bangladesh, we have never had this kind of exhibition before, we have been expecting it for a long time, we are happy that you have got it. What we learn here is because we interact with our competitors, as well as our clients. Now, we know these are the kind of companies this type of event will draw, and this is what they offer. Excellent Show overall very satisfied"

Mr. S.Z.Khan | Director | Aziz & Co., Sanei Elevator Co. (China)

"Considering all, it was fantastic. From this event, both we suppliers and buyers [benefitted]. If it is continued at least every two years, it will be better for us."

Mr. Achinta K. Biswas | Managing Director
Swift Technologies Ltd.
